

**We are deeply saddened to hear the passing of Professor Sunney Chan, George Grant Hoag Professor of Biophysical Chemistry Emeritus at Caltech, on May 5, 2025.**

**The lifelong dedication and contributions of Professor Chan (1936–2025), to scientific research and education has shaped countless lives. He also served as Honorary Professor of Chemistry in the Faculty of Science at the Chinese University of Hong Kong. His wisdom, perseverance, and commitment to knowledge have not only advanced academia but also nurtured generations of brilliant minds. The kindness he showed toward his students will always remain in our hearts, and he will be greatly missed. His legacy continues to inspire and resonate.**
