

# Our dear Sunney,

Thank you and Steve for letting me and Jim accompany you to so many wonderful restaurants. You were always so generous and kind to me. Thank you for everything you did for us. I will remember what you taught to me including your actions and words and I'll always miss you and the days we spent, the song we sang together.

With sincere thanks,  
Jeff Lai

You are the greatest and kindest person I've ever known. I am so lucky and blessed to be a member of Chen's group. Thank you for showing us that someone so great can still be so kind and warm. Thank you for coming back to Taiwan and hosting Sunney Chen's lectures, giving us the chance to meet some of the most talented scientists of our time. Thank you for being willing to serve as my thesis committee member and for complimenting my thesis. Your kind words made me so proud of myself even until now. I will always remember the day you sang "My Way" and encouraged us to follow our hearts at the Christmas party. I'll never forget the way you called Irene's name and the way you looked into her eyes. You have always been—and will always be—the best role model I could ever ask for. Thank you for taking care of us and for changing our lives.

Thank you always,  
Alice
